

2012 SKA Jr. Angler Scholarship Program

Overview

Mercury Marine sponsors a Junior Angler Program for the Southern Kingfish Association. Mercury will award a \$500 college certificate to the top SKA Jr Angler fishing on a Mercury powered boat in each of the SKA sanctioned events. At the end of each event each Jr Angler is recognized for his or her accomplishment. The captain of each boat is required to fill out the official 2012 SKA Jr Angler Registration form verifying the accomplishment, and within 30 days of the tournament end date. The Captain must adhere to all requirements or the Registration will be null and void and the college certificate will not be awarded.

Boat Captain/Guide/Angler Requirements

It is the responsibility of the boat captain/angler/guide to make sure the engine is registered in their name with Mercury prior to competing. Non registered engines will not be eligible and will void the application and the Scholarship. Warranty registration line is (920)-929-5054. Note: For engines purchased from Mercury pro staff, please call the warranty line to confirm registration eligibility. Entrants must use this engine for the tournament. Mercury Marine reserves the right to make the final decision in all matters regarding scholarship eligibility and to change or discontinue this program at any time. Boat captain/angler/guide also authorizes the use of their name, voice, biographical material, photograph or other likeness to promote Mercury products.

Claiming the Scholarship

Scholarships can be claimed by sending in the form accompanying the acceptance letter that is received at the time your scholarship is awarded by Mercury Marine. Total banked scholarships can be claimed right after your graduation from high school and sent to: Mercury Marine Attn: Manager Competitive Angling PO Box 1939, Fond du Lac WI 54936-1939

A letter from the college being attended acknowledging admission must accompany the completed form. The scholarship check will be made payable to the accredited, non-profit institution of higher education of your choice. The check will be sent to your attention for use during the current school year.

Scholarship monies not claimed within one (1) year from the date of your high school graduation will become null and void. We are aware that high school graduation is a few years away, so please notify us if you move and/or change your phone number. This letter received at the time of the scholarship win will be the only official notification of your scholarship award.
